Provides information about the Creighton Model which is much safer than birth control both physically and emotionally.

The Creighton Model is 99.5% effective when used correctly.¹

Community Health Clinic

Offers family planning classes and most forms of birth control*

you deserve
the best

*Note: Most forms of birth control, including the Pill and Depo-Provera, can act as abortifacients² which mean they end the life of a growing baby. The Coalition for Life does NOT endorse birth control.

Your healthcare and well-being are important to us and we are committed to providing you with trustworthy referrals.

Please do not hesitate to contact us if you have questions or need anything at all!
